**STI IS SELECTED AS TOP LOGISTICS IT PROVIDER FOR 2009 BY
INBOUND LOGISTICS MAGAZINE**

Fort Wayne, IN – STI, a leading provider of specialized transportation and logistics, had been selected as an Inbound Logistics Top 100 Logistics IT Provider for 2009. STI was selected from a candidate pool of over 300 as a technology leader.

Rob Shearer, President and CEO commented, "This recognition continues to support our reputation as a first class carrier with the means to add real value to our customers and their suppliers. Our ongoing research and development investments enable STI to be forward looking in a variety of initiatives. The advanced functionality of our technology provides customization to our customers and their suppliers."

STI continues to make advancements in our applications and connectivity to provide customers and their suppliers advanced visibility and functionality across the supply chain. These advancements extend the ability to control inventory, transportation and site services.

STI is a Fort Wayne, Indiana, transportation company which is a leader in providing quality services for products requiring special handling, specialized equipment, on-site services and transportation. The company services both less-than-truckload and truckload shipments throughout the United States and Canada. Service offerings include home delivery, final mile delivery, transportation management, warehousing, and specialized transportation service.
